September 29th - Golden Triangle, Eustis

October 6th - Sunset, Largo

October 20th - Indian River, Vero Beach

October 27th - Halifax, Daytona Beach

November 17th - James E. Hendry, Ft. Myers

Mr. Walker Lyon, our First Vice President, has been successful in obtaining entry tags for the use of any or all of the chapters that may want to use them. They were printed especially for the Hibiscus shows by Wilson & Toomer, makers of Ideal Brand Fertilizers and Pesticides. These tags are printed in five colors, with a different color for amateur, Commercial, Collector, Miniature and Seedlings.

When all chapters use these tags it will save time for some of the larger exhibitors. These exhibitors can make out the tags at the time they pick the bloom since their own chapter will have the same tags.

This year it will be well to check first to see if the chapter will be using the new tags. It is understood that Sunset, Halifax and Putnam chapters will use some tags that they had printed last year.

The only error on the tags was the omission of a place to show the exhibitors number. It is suggested that this be placed at the very bottom of the tag so that when folded over the number will not show.
